

Top 10 Ph.D. Program experiences in 2009
(by current doctoral students)

10. "I was substantially impressed by the UConn PhD culture, the quality of the administrators, and the overall strength of the program."
9. "Brown bags with faculty members and speakers from outside of the school."
8. "I am experiencing accumulated quantitative and qualitative changes in the learning process."
7. "I completed two research proposals. I am now working on data collection. I seem to fall in love with my research."
6. "Working with my advisor and teaching."
5. "I love UCONN. I guess I am pleased that I successfully survived my coursework so far and that I am well on my way with my first year paper. "
4. "Teaching an independent course"
3. "I never expected someone to say that my class or my teaching was the reason they changed their career choice. This experience was both humbling and gratifying."
2. "Supportive faculty"
1. "Getting my dissertation data in (FINALLY)!"
